C. J. Bless returned from Fredericksburg last Sunday night after attending a week's session of the Lutheran Synod there.

The Hondo Baseball Team has been organized as an independent ball club, no one person or organization backing it but as a community team backed by the people of Hondo. Games will be played every Tuesday evening during the months of May, June, July and August. A subscription to finance the same is being circulated as we go to press.

Dr. and Mrs. Charles E. Bartholomae were here the first of the week looking for a place to locate. They will occupy the home now occupied by Dr. Schlottmann about June 1st, and the Doctor will practice his profession of Chiropractor. This will be welcome news to those sufferers who had found relief in the treatments administered by Dr. Gamme, late of this place, and who regretted his departure from our city. Watch the columns of both our papers for announcement of Dr. Bartholomae's arrival.

Friends here have received letters from Hon. Joe T. Briscoe of Devine announcing his candidacy for the democratic nomination for Congress from the 15th district. They have also noted statements to that effect in the papers. Mr. Briscoe is the first man in some ten or more years to challenge Congressman Garner's claims to that honor, and the developments of the campaign will be watched with unusual interest by friends of both men. One thing to Medina county's advantage in this contest, no matter how it results as between the two contestants, the next representative in congress will still be "Our John."

MOTHERS CLUB MEMBERS WILL BE HOSTESSES AT REST ROOM.

An arrangement has been made by the Mothers Club whereby a committee of two members of the club will be at the rest room of the Chamber of Commerce every afternoon from 1 to 5 o'clock to entertain and assist visiting ladies to the rest room. Beginning Monday, May 15, Mesdames Felix Batot and T. C. Barnes will be the first to take up the new duties; Tuesday, May 16, Mesdames B. R. Bradley and Horace Bradley will compose the committee; Wednesday, May 17, Mesdames L. J. Brucks and Marvin Beal will be in charge; Thursday, May 18, the duties of hostesses will devolve upon Mesdames Theresa Bendele and Earl Boon, while a like service will be rendered Friday, May 19, by Mesdames Henry Crow and S. G. Carter. In case it is impossible for the ladies designated to serve on the day assigned to them, then they are expected and requested to secure the services of some other lady to act for them. No committee was named for Saturdays, but some members of the Mothers Club will be in attendance to welcome and assist visiting ladies, especially those from the country, and they are urged to make use of the rest room.

The Mothers Club will make weekly assignments of members to this duty, and the names of the committees for the following week will appear in the Anvil Herald of Saturday of the previous week. It is hoped and believed that every lady whose name appears in the list will make a supreme effort to be on hand on the day assigned her to entertain and assist any visiting sister who may take advantage of the Chamber of Commerce rest room.

ST. PAUL'S EVANGELICAL LUTHERAN CHURCH.

Fourth Sunday after Easter.
Sunday School, 9 a. m. English Services, 10:30 a. m.

"I was glad when they said unto me, 'Let us go into the house of the Lord.'" Ps. 122.

Do you know that King David was an habitual church-goer? It was a correct habit with King David to visit the house of his Lord; he could not do and act otherwise.

Let us ever remember this and get the habit and joy so beautifully expressed in the words of the psalmist. There are so many habits in us and around us, good, bad and otherwise, but forgetting these, let us get the habit of expressing our joy in the fact that we have a Sunday school and our matchless Service grounded in the Word of God, centered around the beautiful life of our Savior and executed in the evangelical spirit of the great reformer, Dr. Martin Luther.

Yes, all books and all other necessary material for the work of our Sunday school are now here. Let us, one and all, large and small, get ready for this great work and for a greater efficiency.

SATURDAY, MAY 13, 1922.

TO THE PEOPLE OF MEDINA COUNTY.

I wish to impress on your minds some rules in regard to dipping which are very important, if we expect to be released from quarantine this year.

In the first place you must dip all of your cattle at each dipping date. And all stock horses should be dipped regularly for the present. Some time next month we will let up on dipping horses every 18 days and dip them every 36 days.

You must keep your work horses and saddle horses clean of ticks or we will have to dip them; for we can't clean your cattle when your horses are raising ticks.

And in regard to moving cattle. It is a violation of the law to move cattle from one premise to another without a permit from an inspector. So when you want to move stock be sure you see an inspector and get a permit for the movement, and it will save you some trouble and expense. This rule is very important, and I will insist on its enforcement.

And in regard to the dip, it is the people's place to haul it out to the vats. The county is furnishing the dip, but it is not paying to have it hauled to the vats. We are trying to hold this dipping bill down to a reasonable figure, and we want you to help us do so.

We are now on our third dipping round. Your work has been very satisfactory so far, and I hope it will continue.

If there is anything about this dipping business that you don't understand, talk to your inspector about it. He will be only too glad to put you right.

Thanking you for your splendid co-operation and support, I am very truly yours,

E. J. Murray,
Supervising Inspector.

DIOGENES WRITES.

Diogenes lit his lantern and started out on his search for an honest man. Coming to a place where a number of people were gathered together, he stopped to observe and study them. And having watched them for some time, this is what he wrote in his diary.

"When the feast was over the men and women went into another room where some foreign men were making a noise on all sorts of foreign frames. When the men made the noise all the people jumped up and ran about the floor. When the noise stopped, they stopped too, and then they would stand still and hit their hands together. Then the women would grab the arms of the men and walk around the room, talking and laughing until the noise began again. Some of the women had forgotten part of their clothing, but—so his cousin told him—they did it on purpose to please the men!

"When the noise was not going, or the men were not running about the floor with the women, they would go into another room and drink at a high table. The men were always in a hurry to drink when they were at the high table, they would pick up a glass, open their mouths and try to throw the drink down their throats. When the noise was over, each man picked out his own wife and they went away in foreign carts. Some of the men who had no wives kept drinking the wine and burning the tobacco tubes until it was almost time for the city gates to open. Then they would go off down the road holding to one another's arms and all trying to sing foreign songs."

CASTROVILLE THESPIANS
STAGE A PLAY.

Several Castroville young people came over Friday night of last week, under the auspices of the Castroville Parent-Teacher Association, and staged an amusing comedy-drama at the Auditorium.

The name of the play is "The New Woman," and it was played very successfully. An association of modern women form themselves into an anti-man association with "Soaring" aspirations. They mix learned discussion of grave matters of state with an abundance of small talk about the latest scandals and other items of gossip. The club succeeds very well until the president falls in love with the gas collector and resigns. Most of the other members follow suit in rapid succession, and the club dissolves in a maze of love entanglements and the lone old maid dissolves in tears. The play was entertaining and amazing throughout.

Piano selections by Miss Florence Scherrer, vocal selections by Mrs. Alfred Rihn and Mr. Gabe Hans, and a recitation by Mr. Bernard FitzSimon gave variety to the program. "Tomfoolery," with Dan and Sam, an original burnt cork farce, by Messrs. James H. Burns and Bernard FitzSimon, was a scream throughout.

A good sized crowd was in attendance and all present seemed to enjoy the program.

The same program was given before a packed house at Castroville Sunday night.

RENEWED TESTIMONY.

No one in Hondo who suffers back-aches, headaches, or distressing urinary ills can afford to ignore this Hondo woman's twice-told story. It is confirmed testimony that no Hondo resident can doubt.

Mrs. Heyo Schweers gave the following statement May 28, 1915: "I had an attack of kidney trouble. My kidneys acted irregularly and caused me annoyance and there were other ailments arising from disordered kidneys. I believe the trouble was brought on from a cold which settled in my kidneys. I purchased Doan's Kidney Pills at Windrow's Drug Store and a short use corrected the trouble which has never returned."

On May 3, 1919, Mrs. Schweers said: "I have had no occasion to use Doan's Kidney Pills since they cured me four years ago."

FROM THE BANDERA NEW ERA.

Raising Money for the Road.

A subscription list has been started to raise the balance of the money necessary to put the Bandera-San Antonio road in first class shape where it crosses Medina county. This is one of Bandera's greatest needs, a good road to San Antonio. A few hundred dollars is all that is needed now for the work, the balance of the money being available. Every man who is interested in the welfare of the community, every man who owns an automobile or vehicle of any kind that travels over the roads should strain a point and contribute just as much as he is able to this movement. We raise money for chautauquas, for baseball games, for many other things, now let's hump ourselves and raise the money for this work which will prove to be the best investment ever made—one that will benefit every individual in the county. When you are solicited to place your name on the list do it cheerfully and then encourage the committee to go to the next neighbor. The situation is just this as we understand it: A little more than \$10,000 is necessary to meet the requirements of the State Highway Commission—\$10,500, to be exact. Medina county puts up \$3,000, the State Highway Commission puts up \$5,000, San Antonio puts up \$2,000, leaving a balance of \$500 to be raised by popular subscription in Bandera. Shall we raise it, or shall we let this opportunity get away from us?

Capt. Chas. de Montel, who has been visiting his sons below Bandera the past week, returned to his home at Camp Verde yesterday. In company with his son, Richard de Montel, he paid the New Era sanctum a visit Tuesday.

PARENT-TEACHER ASSOCIATION MEETING.

From The Huajillo Leaf.

The Parent-Teacher Association met at the school house Monday afternoon, May 8, at 4 o'clock. Mrs. Muennink, the president, called the meeting to order, and the members repeated the Mothers' Creed in concert. The secretary then called the roll and read the minutes. The president next stated that Mr. Merritt had requested that two ladies act as hostesses at the rest room every day. Mrs. Starnes was appointed chairman of a committee to select the days for the ladies to serve. Following this the members voted to have the year books again, and also to continue serving refreshments at the meetings. Each member was requested to bring the price of a glass and a committee was appointed to buy some glasses for the Mothers' Club. Mrs. Chaney next stated that she had received some literature from Mr. Marr who is a candidate for State Superintendent of Public Instruction and she distributed it among the members. Then the mothers were counted and the sixth grade was awarded the banner. Delicious refreshments of ice tea and sandwiches were served at the conclusion of the meeting.

FLETCHERIZED FARM FACTS

By
Fletcher Davis.

Subscribers to the new farm publication are already coming in. But no publisher ever enrolled subscribers fast enough to satisfy his own desires.

We wish we would be compelled to hire a bookkeeper to enroll them. But so far we are able to wait on all comers in person; don't be afraid of overworking us.

Seriously now, we need a cash subscription list to secure an early admission to the mails as second-class matter.

We are relying upon the friends to whose attention this comes to voluntarily assist us to this desired end without waiting for a personal solicitation.

Don't you want to be numbered in that class?

What's one dollar to you—when a friend needs your help?

The single dollar of four or five thousand friends from all over Texas would mean an immediate financial success for our enterprise.

Be one of the number.

Do this for us—and see what we will do for you.

You will be glad you did when you find out "What's Coming."

But it takes a dollar to EVER find out.

Be a friend to this undertaking—NOW!

Then you will be a friend to it always.

And you'll be glad of it. Thank you!

Send to us, at our Hondo office, the news of your neighborhood; send it in as early as possible and make it snappy. Avoid writing anything that will give offense to the most sensitive, but tell the news and boost your community. Do this and see what an interesting local paper you can help us make. —[What's Coming]

Obedience to law is a duty essential to permanency in government, and it is to be regretted that there is a marked tendency at present to treat the duty as unimportant. Where laws are locally unpopular their non-enforcement is encouraged. Laws are frequently but poorly obeyed in the cities. The individual is asserting the right to violate a law that he disapproves disregarding the fact that disobedience to law is not a personal liberty. We are constantly met with the assertion that a law cannot be successfully enforced and that violations of it are, therefore, justifiable. Such reasoning, logically followed, will lead to a disregard for law, and ordered society will become impossible.—Thomas H. Franklin.

—[What's Coming]

There is evidently a Judas among the readers of this paper—a cold, cruel, calculating, heartless creature who delights in bringing hurts, poignant, sharp, painful hurts, to the soul of the sensitive. Knowing for a long time that the editorial fodder purveyed by this sheet is meat too strong for one whose diet is generally thistles and such like browsings, we have not vexed the spirit of his "riverence," Atticus Webb, by tempting him with it. But judging from the strident bray recently emitted through the columns of Home and State, some reader of this paper is evidently so lost to a sense of compassion as to have placed a copy of it before him. And oh! it seems to have hurt Atticus—the pitiful cuss—so! We don't see how any one, after all of our missionary work among our readers to induce them to be kind to animals, could be so heartless as to treat Atticus so. We bet he is even unfeeling enough to snoop around and surreptitiously show him this—the miserable, unfeeling tangle!

YOU'LL BE GLAD WHEN YOU KNOW

That by handing or sending a dollar to Fletcher Davis you have helped him start a useful enterprise and put him on the road to realizing a life's ambition.

Mr. Davis hopes, in a publication of his own, to take up again the work for the farmers of Texas which he was doing and which was interrupted when the Legislature cut off the appropriation for the Monthly News Bulletin of the State Department of Agriculture. He has the promise of some able help in editing his paper and hopes to surpass anything ever achieved with the State publication.

WHAT'S COMING

The answer to "What's Coming" will depend upon the response of the public of the state. Being a privately owned and financed enterprise it must be supported by paid subscriptions. Will you help him put it across? Do you want to be a pioneer in the enterprise? If so send a dollar at once and find out "What's Coming." There are nearly 500,000 farmers in Texas. It will take too long to get around with a sample copy. Don't wait. Call at the office now, or use the following and send your dollar.

Mr. Fletcher Davis, Hondo, Texas.

Dear Sir—Desiring to be among the first to come to your assistance and wishing to know just "What's Coming," here is my dollar to find out. Send the paper when published to—

Write name perfectly plain

Write postoffice perfectly plain

Rural Route and Box, if any

Do the same for the State

If you want to be a missionary as well as a financial helper, call your neighbor's attention to this and tell him it costs just a dollar to find out "What's Coming" and urge upon him that—

ONLY \$1.00 WILL DO IT

Our friend who wields the pencil for the Devine News has been listening to "whispers" and they have made him talk in strange tongues. For instance, in last week's issue, in the course of a somewhat lengthy front-page article, he says: "We have even heard it recently whispered that nothing will be done (about the Yancey-Devine road.) The Hondo people got busy when the people began to clamor for a good road to Devine, and built a splendid road from Hondo to Yancey." That surely would be a commendable rather than censurable thing for Hondo people to do, but so far as we are informed the "people of Hondo" have built no road, and claim no such credit. The "splendid road" about which he complains was built not by the people of Hondo but by the people of Medina county, with county funds, under the supervision of the Commissioners Court of the county and with the advice and consent of the county road committee. Where, then, is there any call to charge the people of Hondo with unwillingness to be fair? Where is the call for Hondo to go outside of its precinct to meddle in the affairs of another precinct and with something that belongs to the Commissioners Court and its advisors on the road committee to look after? If the News man would consult more freely with the men whose duty and business it is to take care of the roads—the Commissioners and their advisory committeemen—and refuse to listen to "whisperings" he would have less occasion to "believe" evil things of the people of a neighboring community.

IS YOUR HEALTH GRADUALLY SLIPPING

Interesting Experience of a Texas Lady Who Declares That if More Women Knew About Cardui They Would Be Spared Much Sickness and Worry.

Navasota, Texas.—Mrs. W. M. Peden, of this place, relates the following interesting account of how she recovered her strength, having realized that she was actually losing her health:

"Health is the greatest thing in the world, and when you feel that gradually slipping away from you, you certainly sit up and take notice. That is what I did some time ago when I found myself in a very nervous, run-down condition of health. I was so tired and felt so lifeless I could hardly go at all.

"I was just no account for work. I would get a bucket of water and would feel so weak I would have to set it down before I felt like I could lift it to the shelf. In this condition, of course, to do even my housework was a task almost impossible to accomplish.

"I was . . . nervous and easily upset.

I couldn't rest well at night and was just lifeless.

"I heard of Cardui and after reading decided I had some female trouble that was pulling me down. I sent for Cardui and began it . . .

"In a very short while after I began to take Cardui Home Treatment I saw an improvement and it wasn't long until I was all right—good appetite, splendid rest and much stronger so that I easily did my house work.

"Later I took a bottle of Cardui and gladly do so, for if more women knew, it would save a great deal of worry and sickness."

The enthusiastic praise of thousands of other women who have found Cardui helpful should convince you that it is worth trying. All druggists sell it.

ANOTHER OF OUR NOBLE, OLD CITIZENS FALLEN ASLEEP.

J. M. Mobley was born in Lawrence county, Mississippi, August 19, 1835, and departed this life May 6, 1922, at the ripe old age of 86 years, 8 months and 8 days.

At the age 23, on December 23, 1858, he was married to Miss Nancy Pierce. To this happy union was born 6 children, 4 girls and 2 boys. Three of these died in infancy. The other three surviving their father and mother are: Rev. W. E. Mobley, now residing in Los Angeles, California, and Mrs. Bettie Wolff, living in the county near Hondo, and Mrs. Malinda Miller, whose home is in Hondo, Texas. There are also 9 great-grandchildren.

Brother J. M. Mobley, together with five brothers, served practically the entire four years in the Confederate army with undaunted courage and heroism, as true as steel and unwavering as the everlasting hills. We are told that he and twelve other Confederate soldiers were captured near New Orleans and put under guard in a boat bound for a northern prison, and while on Chesapeake Bay, the 13 Confederates overcame the guards, captured the boat, and landing her, they entered the low, wet lands and dense, wild forests of that vicinity with their faces toward the fair, sunny south, and in a few days they joined again the Confederate ranks under Gen. Johnston, in the state of Mississippi. Gen. Johnston, proud and appreciative of their strategic and heroic act in their escape from the boat, proposed to promote them to official positions, but Mr. Mobley declined, saying he only wished an humble place as a private in the service of his country. However, not long after, he changed from a private in the infantry and became a lieutenant or captain in the cavalry, in which position he served until the close of the war.

After the Civil War, in 1863, he moved from near Forest, Mississippi to Sabinal, Texas, and about the year 1884 he began work for the G. H. & S. A. Railway Company, serving them steadily and faithfully for 24 years, when he retired, first making his home with his daughter, Mrs. Bettie Wolff, eight or ten miles northwest of Hondo, and then he spent the remainder of his days with his other daughter, Mrs. Wm. Miller, in Hondo, Texas.

He professed salvation and joined the Missionary Baptist church when a young man, but for many years after he came to Texas he was not closely located, nor conveniently situated to join and attend the church of his choice. However, after he retired from labor, he, through the years, often called at my place of business, evidently for a social and religious half hour's talk. I often approached him on the subject of an experimental knowledge of salvation through the blood of Christ, and always found an appreciative response in the affirmative touching a well grounded hope of everlasting life through the merits of the precious blood of his Redeemer beyond this vale of tears. During his last illness he often expressed himself as being ready to go to his final reward at any time.

A quiet, inoffensive, honest, true and warm-hearted citizen, friend, father and brother has passed on to his eternal reward, while his loved ones and many friends mourn his departure and cherish the fond hope of clasping hands with him in that land of light and life and love where the saints will be crowned with everlasting joys at the right hand of God on high.

We, together with the staff of the Anvil Herald and many other friends, extend our tenderest sympathies to all the bereaved ones.

HON. JOHN T. BRISCOE

Candidate for Congress, 15th District

Yielding to a pressure from different parts of the 15th District, especially from Lower Rio Grande Valley, where he is known as he is over almost the entire district, Hon. Jno. T. Briscoe of Devine has decided to make the race for Congress, 15th district, subject to the democratic primaries in July.

Mr. Briscoe is a business man and for 14 years practicing lawyer of Devine; is 40 years old, has a family; served two terms in the Texas legislature, in the 30th and 31st legislatures, and was elected presidential elector for the 15th Congressional district in 1912 and in 1920.

He comes of one of our best Christian families, is a life-long democrat, supported both the 18th and 19th Amendments to our national constitution, and is in touch with progressive matters, knows the needs of Southwest Texas, having made his home here always.

If elected, he will align himself with the constructive, progressive element and favor such measures as will inure to the benefit of the people of Texas, and especially of Southwest Texas; is in favor of taking power from the Inter-State Commission and restoring control of Texas railroads back to the people of Texas through their State R. R. Commission. He believes that agriculture is the foundation of our success, is a farmer along with other business pursuits, and will always look out for the interests of all classes of constituents, especially favoring the farmer and the laboring man, with justice to employer and employee alike.

He is a man of strong personality, dignified bearing and will impress whom he meets and will hold their friendship. He expects to visit the different parts of the district during the next two months, and wishes to meet as many of the people as he possibly can.

Mailbox Well Spudded in This Week.

Following the spudding in of the Mangold No. 1, on the Cunningham lease in the Christilles field, eight miles north of Devine, there has been considerable activity in oil circles north of town this week. Several strangers here, and some well known Lacoste people. It has been for a number of years, even before the Somerset field had proven out as a paying proposition, that there was oil up there. Two or three wells have been sunk first and last, and oil found in all of them, as much, perhaps, as was first found in the Somerset field, and the last well was thought to be about a five-barrel well and it is no wonder that interest is good and increasing in this Medina county field. The proven Somerset field, ten or twelve miles north of town, the striking of oil and gas in doubtful qualities in the wells south of town, and the drilling on the Nixon ranch twelve miles west of Devine, looks pretty good for something good even nearer Devine than any of these. All indications are favoring this direction. Don't get excited, and don't lease your lands unless you can get a drilling contract. Those people east of town ought to close up and let that well be started. All experts believe there is a big pool here, somewhere. It has not been struck yet, and where it will be struck is doubtful, but there isn't much doubt but it is going to be struck. Wells were sunk around the Corsicana section, and shallow oil struck

for twenty years before the gusher was brought in at Mexia.

Berry Crop Injured by Too Much Rain.

Roy Ethridge was the first one to bring in berries and sold them readily but he says the rain injured the most of those ripening, and the ground was so wet that he couldn't get into the patch to gather. He says the rain was fine on the trees and vines planted, but too much on the sand for field crops to do well.

J. P. Nixon, Garrett Wilson, Eldo, G. C. and Desha McAnelly, and a young Mr. Wilson of Yancey and Aaron Jones, A. D. Dubose, F. O. and Frank Miller were in Devine Monday night attending the Masonic Lodge. The meeting was well attended by the local members, a barbecue was served. J. W. Roberson, James Duncan, W. E. Russell and Oak Williams were given additional initiations, and a general good time was had by all present.

Farmers who are using fertilizer on their lighter soils are finding that it returns many fold in values. There is hardly a barnyard in the country but from which valuable fertilizers might be hauled out to the farm. Our virgin soils are rich, but unless these are conserved and kept up they will get poorer and poorer and produce less and less each year. The field pea and peanut should be planted for grazing and enriching the soils as these leguminous plants draw valuable substances from the air and deposit them in the lands.

Henry Schott says his corn is almost too big to plow with a cultivator and he was kept out two weeks by rain. He is chopping cotton, which is looking good. He is the first man to report squares on his cotton.

W. H. H. Dubose was in town two days this week with dewberries. He says there will not be as many berries on the vines this year, but they will be larger and easier to gather.

HONDO AT STATE MEET.

From The Huajillo Leaf.

Wednesday, with hopes soaring high, the boys who were to represent Hondo in the State Meet and their "chaperones" boarded the 6:18 train for Austin. The trip had long been anticipated by these H. H. S. athletes and they were not disappointed in experiencing some real thrills of such a trip. The principal occurrence of the trip may be the tornado, but we are glad to state that all returned safe and sound.

Although our boys failed to win the state championship in any event, we are just as proud of them, for they have already portrayed their ability in regard to such events.

In the tennis doubles, Hondo was represented by Henry and Tony Windrow. The two Windrow brothers successfully defeated Kennedy and Brackenridge, but they met their "Waterloo" when they were matched with Llano. Llano, in turn, was defeated by Waco, who won the state championship for the tennis doubles.

Homer Wilson, who played in the tennis singles, easily came out winner over Corpus Christi, but he was defeated by Eustace. Never mind, Homer, you'll have another chance next year.

Filleman, our swift runner, ran the 100 yard dash in 10 2-5 seconds in the preliminaries, and was entered in the semi-finals. But because of a long delay and other trouble, he was beaten in the semi-finals, when the time was 10 3-5 seconds.

J. C. was eliminated in the preliminaries, but we can say much of the good work he accomplished. We are counting on you again, next year, J. C., and we are sure you will continue the excellent work.

The following facts concerning the track meet may be of interest: Walton of Bronte who won the 50 yard dash broke the state record and tied the world record in this event. Alvin High School was the winner of the greatest number of points in Class B. schools, while Austin High School was winner in Class A. schools.

JUDGE GARNER WRITES.

Judge James B. Wells, Brownsville, Texas.
My Dear Judge Wells:
Your telegram of the 2nd instant reached me yesterday. I wired you that I would write today. I see Senator Culberson almost every day. He is always in his seat in the Senate. Indeed, he has not been absent a day in more than five years.

While he is not as strong physically as he once was, he is strong enough to be there all the time and, of course, he is as capable mentally as he ever was. His statements recently published show that he is still keenly alive to the issues of the day.

He retains his important committee assignments on Appropriations and Judiciary and as long as he lives Charles A. Culberson will have a tremendous influence in the Senate.

With his present health, which has every prospect of being maintained, his office will be filled to the satisfaction of the people of Texas.

Of course you know that my personal relations with and admiration for Senator Culberson are such that I would support him against any one who might run against him.

With best wishes, I am

Truly your friend,

(Signed) Jno. N. Garner.

Bradley & Vrooman Base and Tinter Paint

It is "live" fresh paint that spreads most easily and covers the most surface, gallon for gallon.

It possesses every good quality that stale "dead" paint lacks. Every drop is usable. There is no waste from hardening or settling in the package.

The colors are bright and glowing and it has the stamina and properties that give the greatest paint protection at a minimum cost.
